

SPARC 2016 Topical Workshop

Last announcement

Dear colleagues and members of the SPARC collaboration,

This is the third and the last announcement for the SPARC Topical Workshop 2016 which will take place between **16th and 20th September 2016** at **Marian Smoluchowski Institute of Physics** of the Jagiellonian University in **Kraków, Poland**.

The workshop website;

<http://sparc2016.if.uj.edu.pl>

now includes the final version of the **scientific and social program**:

<http://sparc2016.if.uj.edu.pl/timetable.php>

Please note the eventual changes in the schedule and presentation time of your contribution compared to the preliminary program.

The **poster session** is planned for Monday, September 19th, 18:00 - 20:00. The poster walls will be marked by numbers corresponding to your poster contribution. Tape to fix the posters will be provided by the organizers.

Information about how to reach the conference site from different relevant locations is also provided on the workshop website:

<http://sparc2016.if.uj.edu.pl/location.php>

An excursion to the ancient **Wieliczka Salt Mine** is planned for Sunday September 18th, from 10:00 until 14:30. It will be followed by luncheon at the Saltworks Castle Wieliczka.

In case of questions, the contact information is available here:

<http://sparc2016.if.uj.edu.pl/contact.php>

Looking forward to seeing you soon in Krakow!

With best regards,

The Organizers
